(#) camps x \$50 = \$_____ Amount Paid

Sewing and Crafts: Campers will create crafts using a variety of mediums for use in their play and room.

Babysitting 101: Campers will create a babysitting "kit" to help in caring for young people and learn basic first aid.

Music

K-3 - The students will explore music as they sing, dance, play instruments, and create music through a variety of experiences.

4-8 - The students will create and enjoy music through singing, playing instruments, dancing and engaging in various styles of music.

LEGOS

Through the use of STEM, students are able to experience Legos like never before.

LEGOS/CODING

In this camp, students will be coding their own LEGO robotic creations.
